MEMORANDUM FOR: John N. McMahon
Deputy Director of Central Intelligence

FROM : Bo Denysyk
Deputy Assistant Secretary
for Export Administration

SUBJECT : (C) [redacted] Request for a Study/Assessment [redacted]

- (C) [redacted] 1. I had an opportunity recently to visit [redacted] discuss some of our pending export cases with U.S. government and [redacted] officials. From my visit, I left with a feeling that there may be substantial Soviet and Bulgarian activity to acquire Western technology illegally through "front companies," brokers, etc. In fact, one of the commercial counselors claims that [redacted] is a "sieve."
- (C) [redacted] 2. Since [redacted] may be receiving sophisticated technology in the not too distant future, a thorough study of the Soviet/Bloc activities seems appropriate.
- (C) [redacted] I therefore ask that an intelligence study/assessment be performed [redacted] as a technology transfer diversion area.
